Team Courtesy and Support

The coaches work very hard to make tennis a fun and positive experience for all the boys. The coaches greatly appreciate those players who notify the coaches of absences, record scores after matches, stay to the end of the matches and let the coaches know if there is a compelling reason why one needs to leave early. Parents, please pick up your son promptly after practice and matches. With the recent bad weather there is a lot confusion regarding matches/practice. The home school Athletic director makes the call regarding playability of the courts, sometimes decisions are late due to changes in the weather. Everyone hates it when a match has to be cancelled.

Knight of Honor

Congratulations to those putting together this great event. It was definitely a class act. Thanks to Mr. Aho for purchasing the iPod on behalf of the team and also to those boys who contributed.

Coaches Classic

Athletes were in the highest flight ever for Northwest-Flight D. Northwest placed sixth, reflecting the higher level of competition. Mason's facility is awesome as was the weather.
